XP ROUTES

1) LANDMARK RUN

Run around the Vulcanverse map, visiting each of the 16 Landmarks to receive 10 XP for each and a bonus of 20 XP for visiting one in each quadrant. Run up to each Landmark to register the visit.

Travel the map in an anticlockwise direction, as you are unable to cross from Hades to Boreas. You can only cross one way, from Boreas to Hades.

Earn a total of 160 + 20 = 180 XP in only 25 minutes.

2) FORAGING

Whilst completing your Landmark run, send your companion to forage for materials.

- Press 2 or forage from the task menu for crystals to appear
- Click a crystal close to you, for your companion to start foraging
- Your companion is now busy for 90 seconds whilst they search for materials.

Depending on the rarity of the materials you find, you can earn between 1-4 XP per forage.

Daily Foraging bonuses:

10 forages in total = 25 XP

Forage once on all quadrants = 20 XP

JADE		4 XP	CRYSTAL		2 XP
DIAMOND		4 XP	SILVER		2 XP
TOPAZ		3 XP	THREAD		2 XP
HALITE		3 XP			1 XP
MARBLE		3 XP	COPPER, COAL, CLAY, WOOD, SOIL, PEBBLE, OAKWOOD, LEATHER, IRON		

Earn an additional 55-70 XP whilst completing your landmark run.

We have marked the battle plots on the map, which are usually the best places to forage due to the higher probability of finding rare materials.

3) BATTLE

As well as Foraging, your companions can battle each other for XP. There are popular battle areas of each quadrant marked on the landmark route map above.

- Click on another player's companion
- Press 1 and click battle from the bottom task bar
- If the opponent's companion is not busy (either foraging or already fighting) the player will receive a notification to accept or refuse the fight.
- If accepted, your companions will fight and only the winner will get 2 XP and count towards XP bonuses

Daily Battle bonuses:

Win 10 battles = 50 XP

Win a battle once on all quadrants = 20 XP

Earn 90 XP whilst completing your landmark run.

TIP: Everyone is trying to get battle wins, therefore it is polite to return wins when you can. Do not heal your companion if you win, wait for the cooldown then battle the same person again with your now injured companion.

4) OTHER XP ROUTES

Play the game for 1 hour to earn **10 XP**

Trade 5 times in VC city for **10 XP**. How to trade:

- Arrange to meet someone in VC (center of the map)
- Once there, click on the other player and press 3 to open a trade request
- Trade with each other 5 times to receive 10 XP (you can trade low value materials)
